

DH sraz 2016 - poznej hru podle malůvky

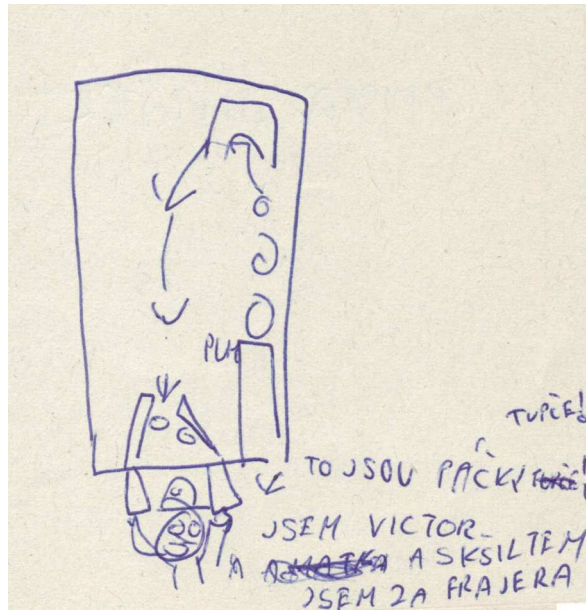

"Live for speed" ("leaf" :D)

Z toho se vzápětí stal "Pitstop simulator"

"Super Victor Pinball" (to bych si možná i zahrál :)

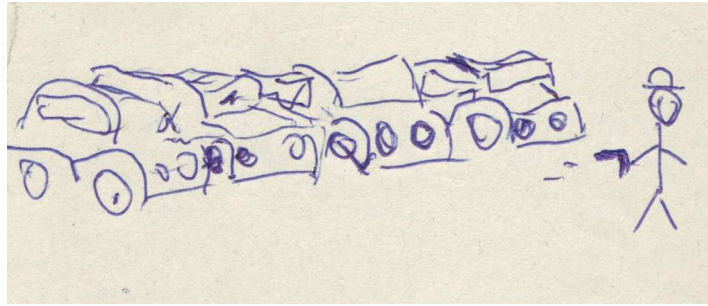

Memphis napsal "Renoir", což Kwoky namaloval takhle:

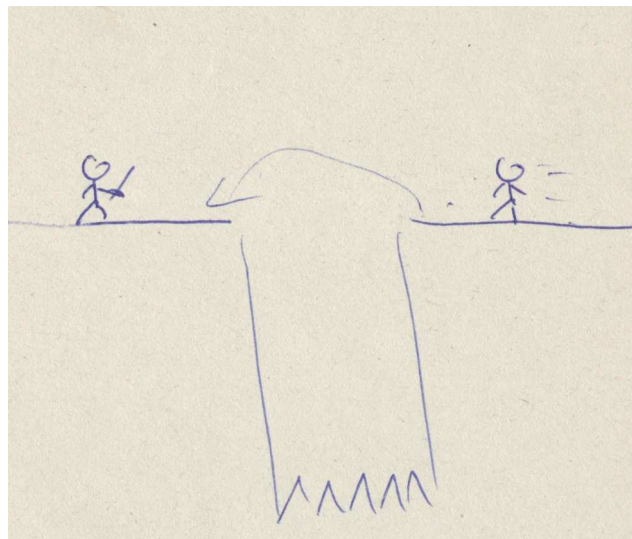

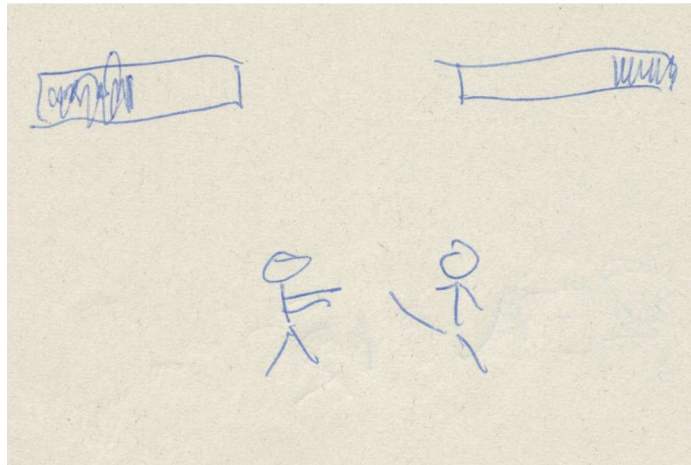

což bylo pochopeno jako "L.A. Noire"

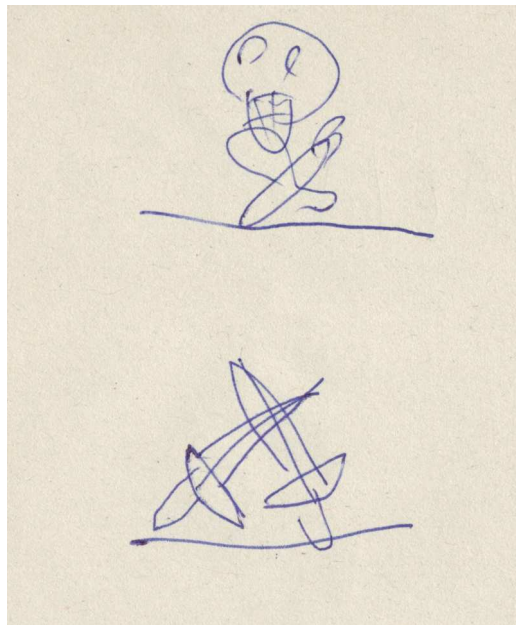

a to nemohlo být rozpoznáno jinak než "Mafia":

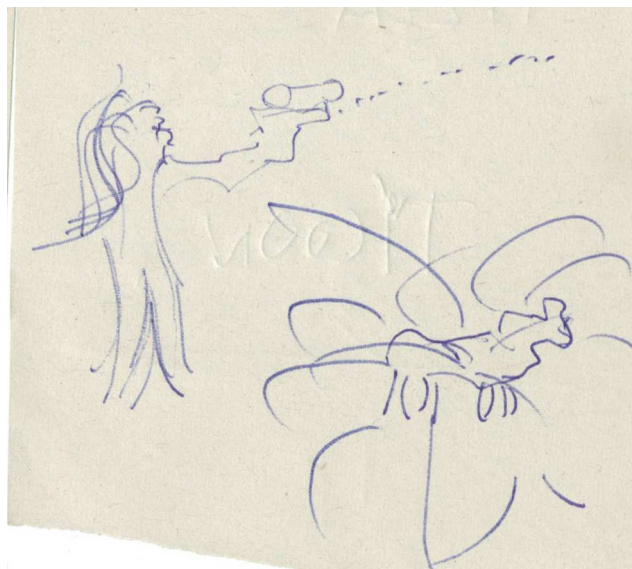

Následující tři malůvky byly původně "Prince of Persia", ale velmi rychle se z toho stal "Mortal Kombat"

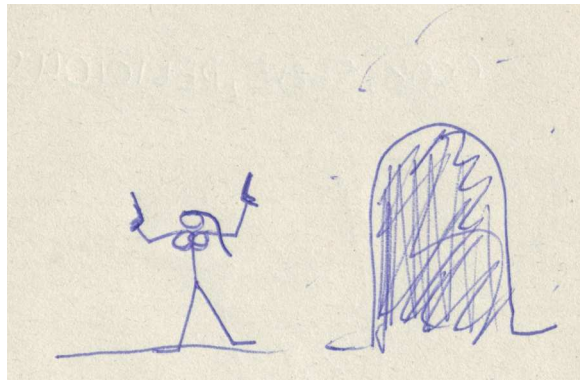

Toto je "No one lives Forever"

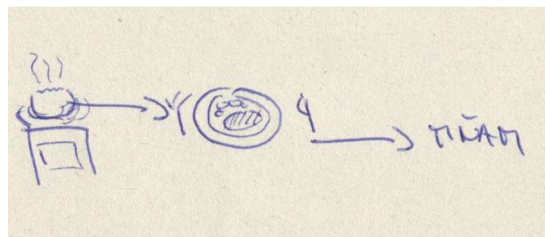

z čehož se (nečekaně) velmi rychle stala "Lara Croft"

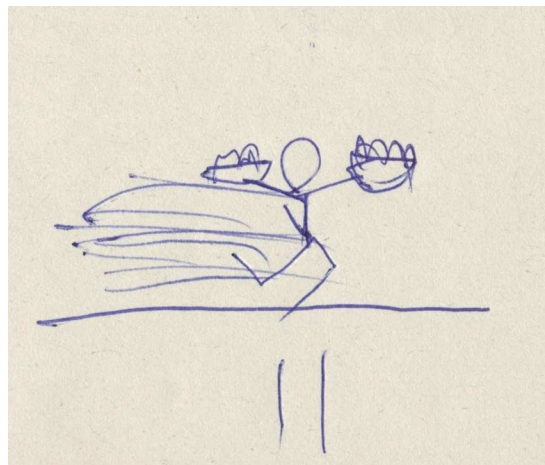

a poté "Tomb raider"

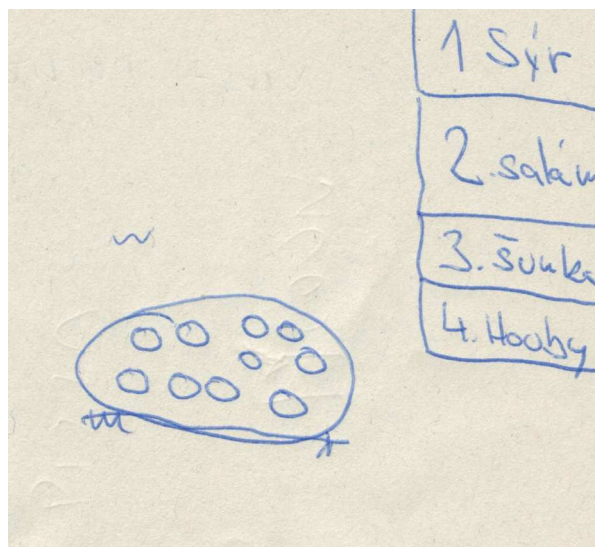

Původní "Cook, serve, delicious"

se změnilo na "Diner dash 2"

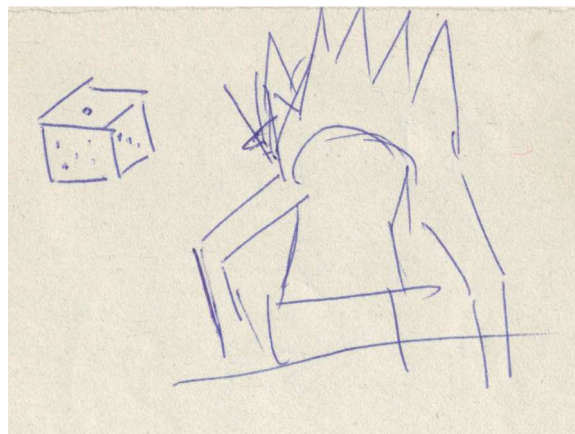

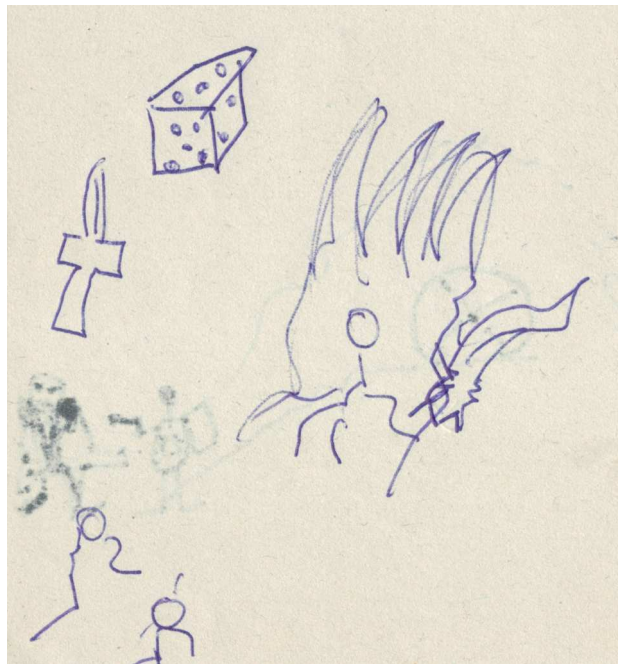

aby z toho na konci vylezl "Pizza tycoon"

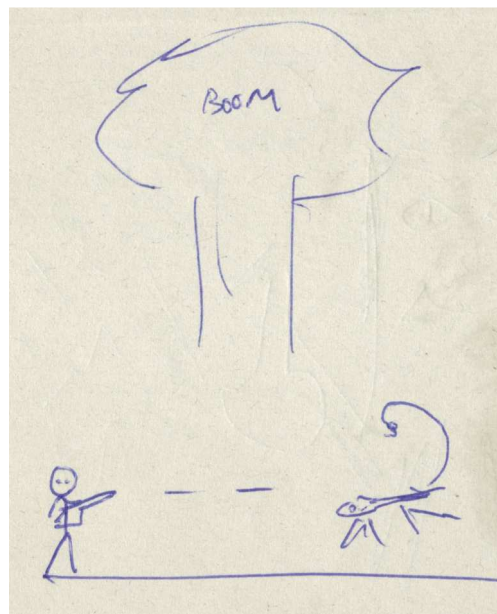

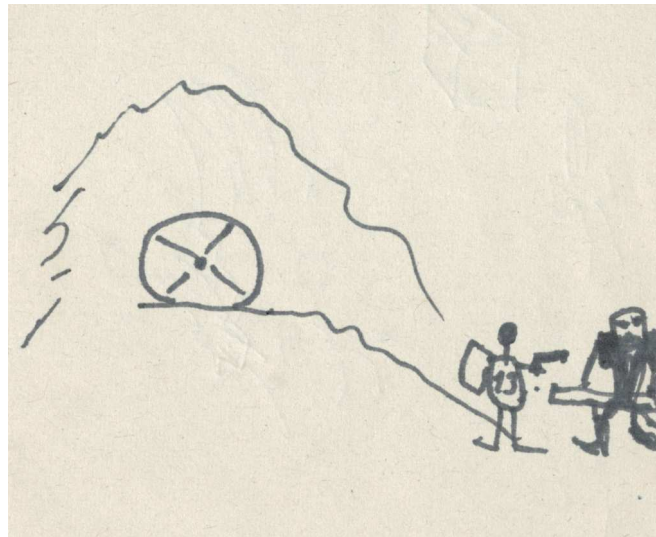

Ze "Zaklínače 3"

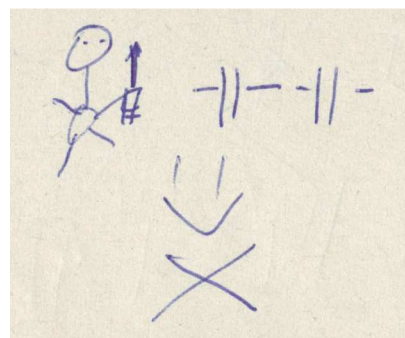

se vzápětí stala "Hra o trůny" (Game of thrones)

Dvakrát "Fallout"

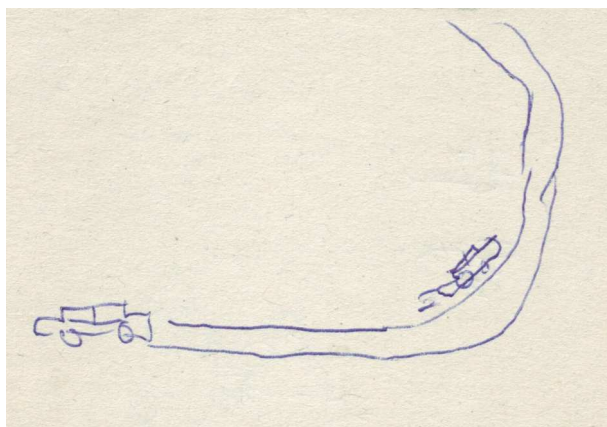

Co je tohle za hru?

Parádně znázorněná "Trackmania"

podruhé

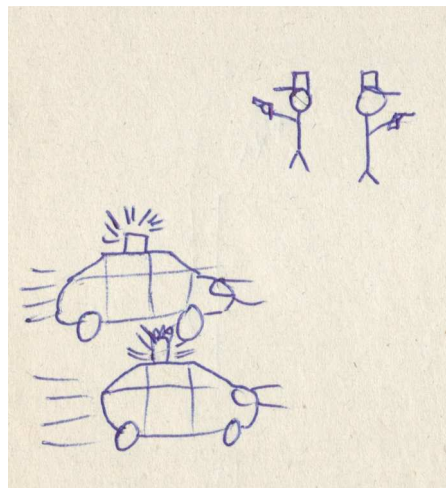

z čehož vylezlo Need for Speed: Hot pursuit (opravdu HOT)

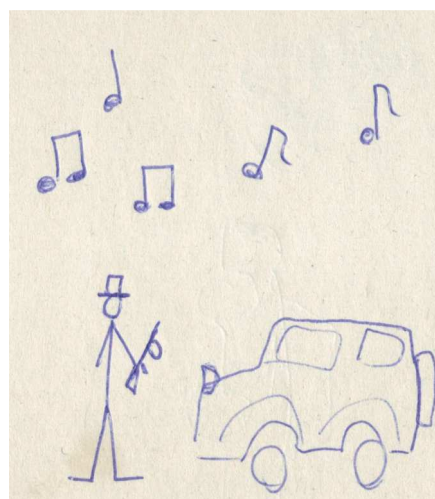

Polda

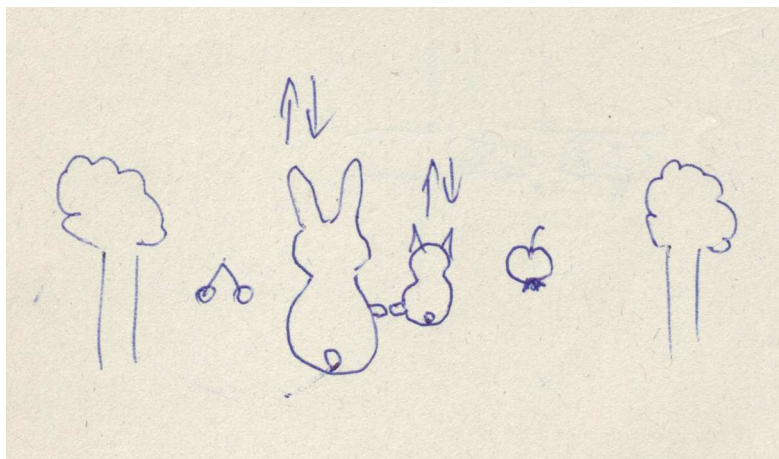

v dalším kroce změněn na Police simulator

a nakonec... co byste čekali? Zase "Mafia" :) Tu du tu-tu tu-tu-dů (Poznali byste skladbu Django Reinhardt - Belleville?)

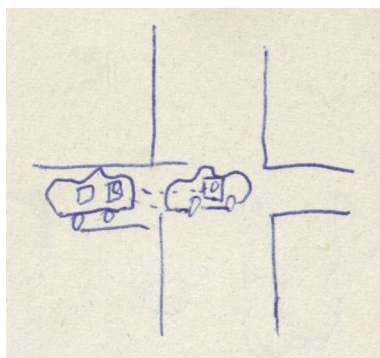

Ratchet and Clank, což je hra, o které Kwoky v životě neslyšel, tak namaloval tohle:

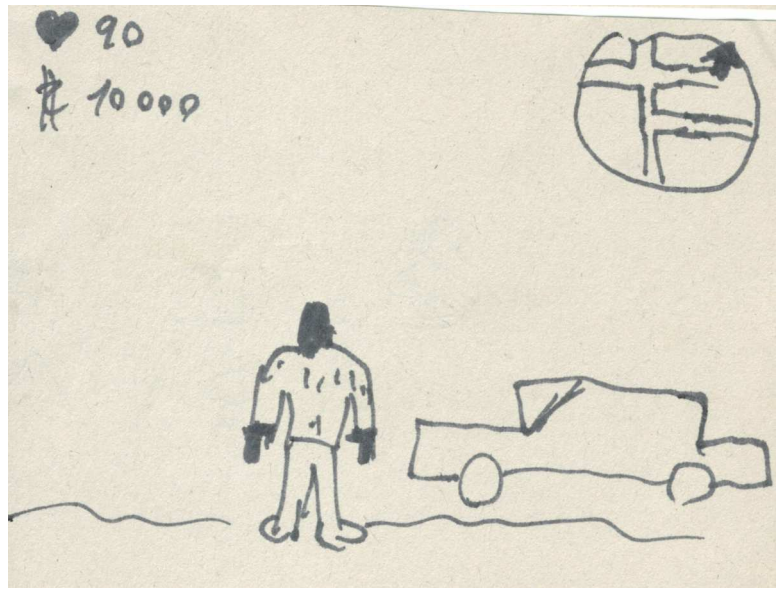

A neptejte se mě proč, ale dál to šlo jako "Mario"

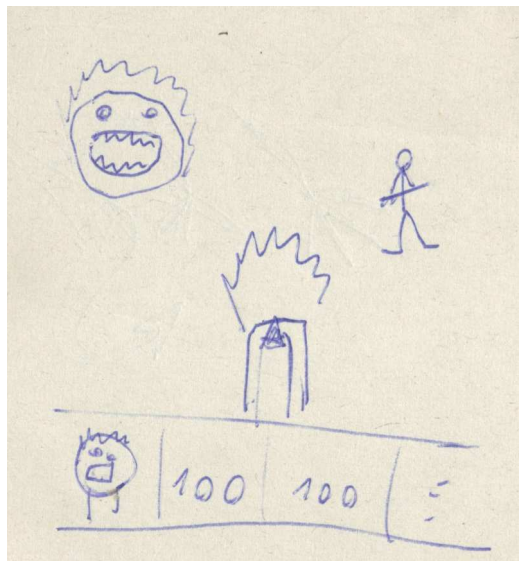

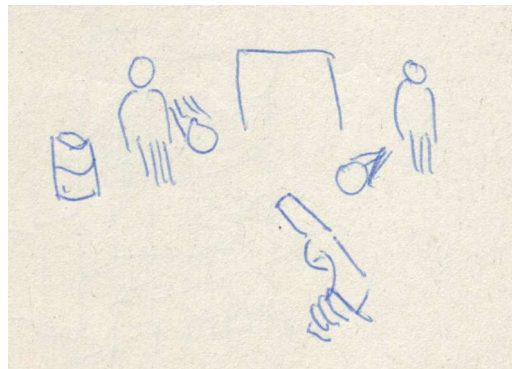

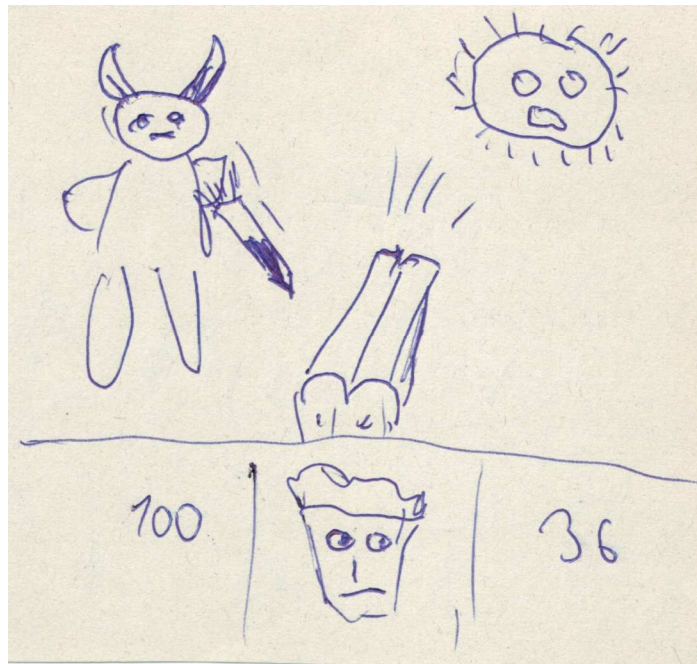

Pak tu máme "GTA", ze kterého se zase stala "Mafia" (nebo naopak?)

Třikrát luxusně vystihnutý "Doom"

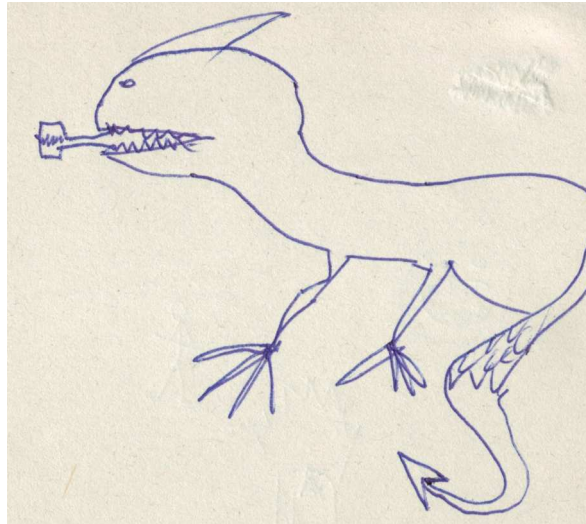

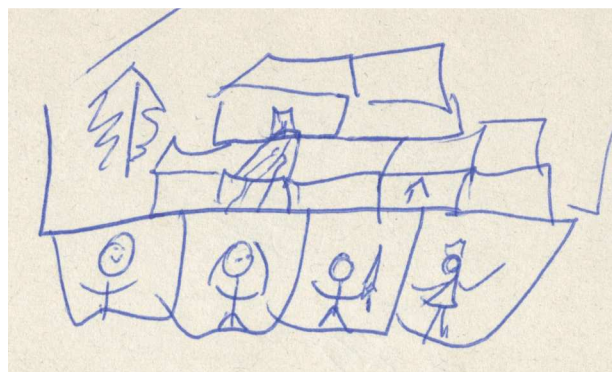

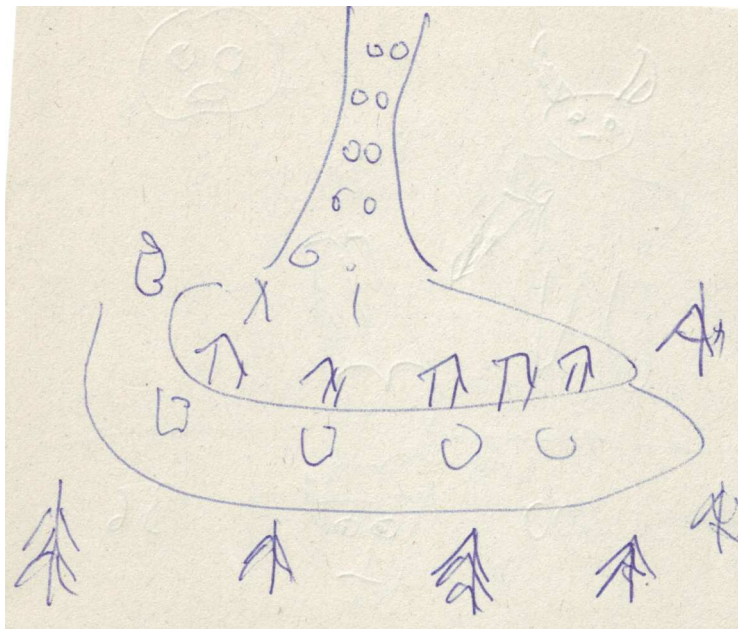

což jeden z účastníků nenapsal, ale namaloval takto - skoro jako originální logo

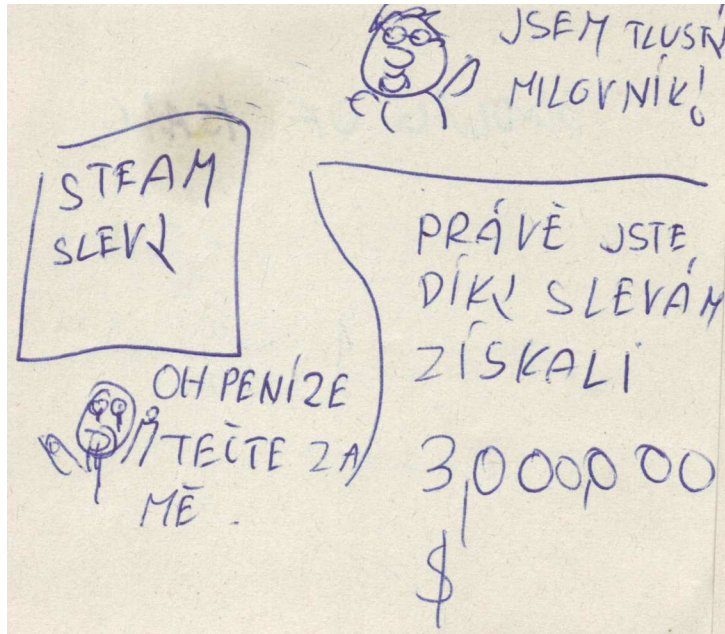

Pokus o "Aliens"

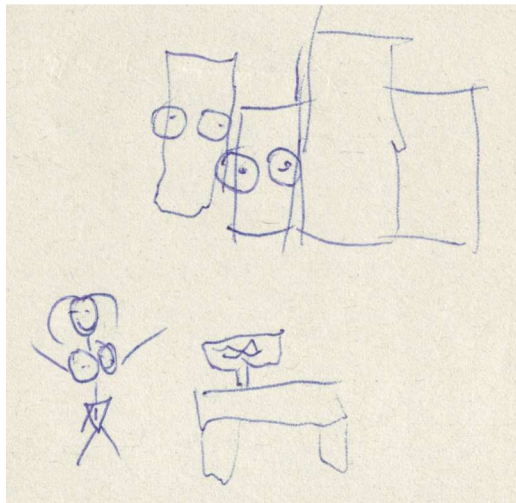

Jeden "Oblivion" a jedno "Might and Magic X: Legacy" (bohužel nevím, které je které)

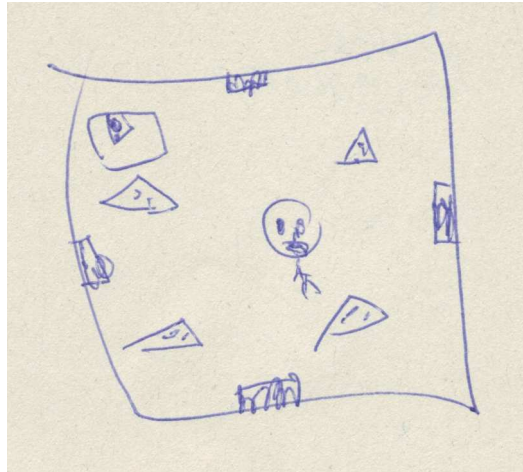

"Gabe Newell simulator"

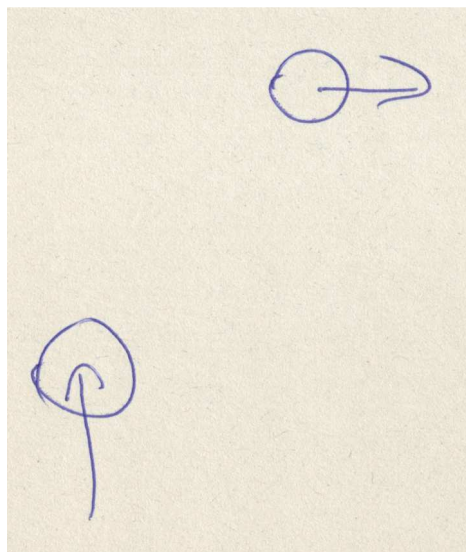

Dvakrát "Lula: Sexy empire" (dokonce i skříně mají prsa)

"Binding of Isaac"

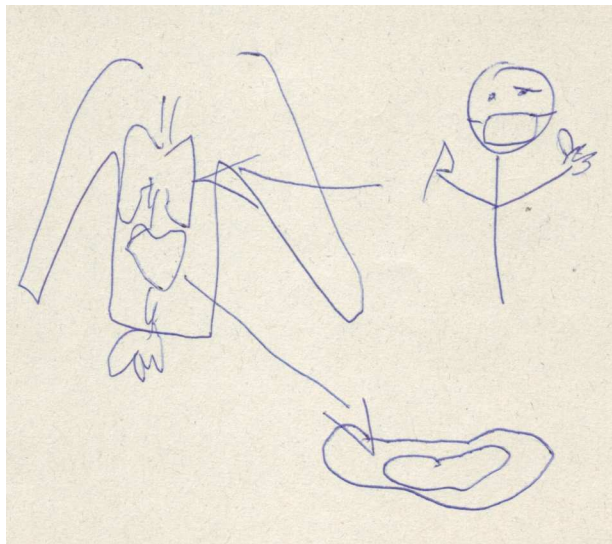

"Portal"

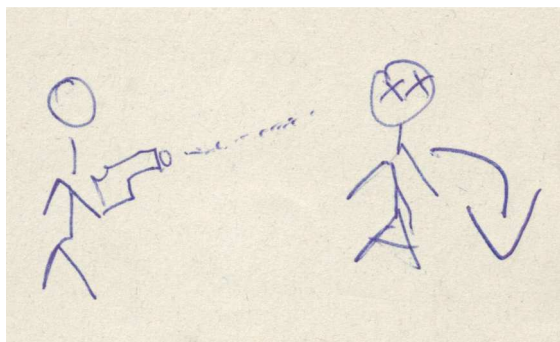

Dvakrát "Surgeon simulator"

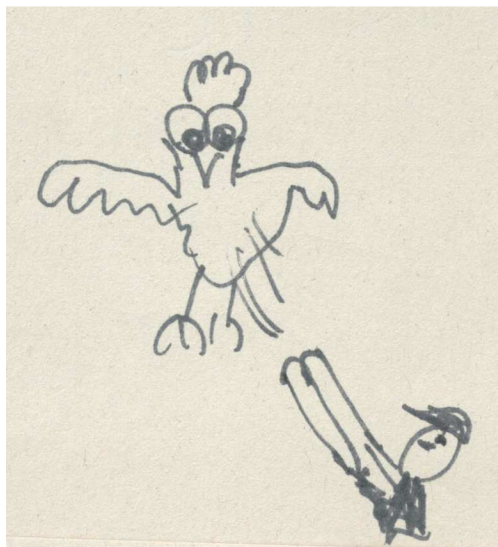

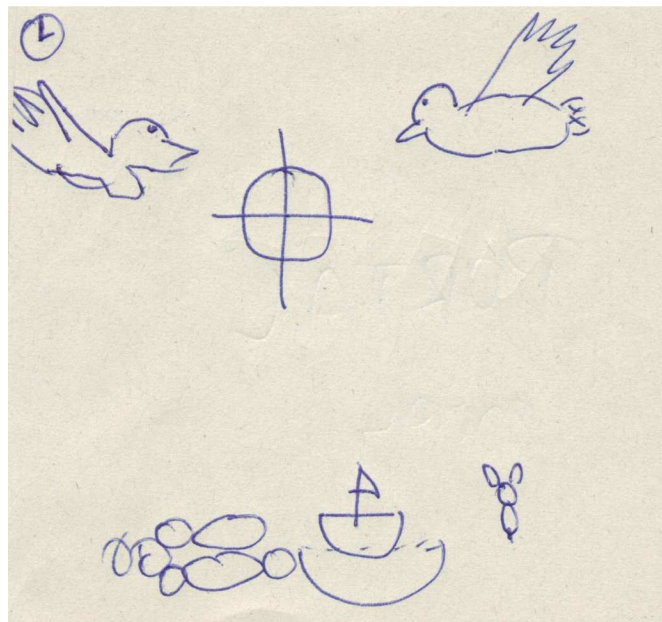

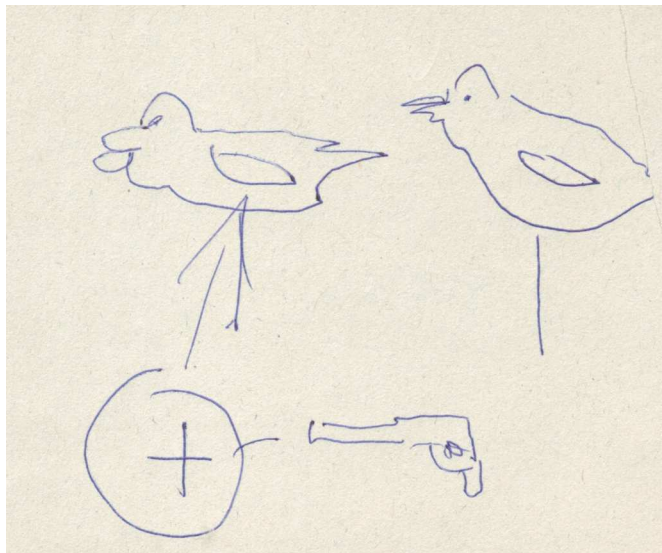

což bylo rozpoznáno jako "Manhunt"

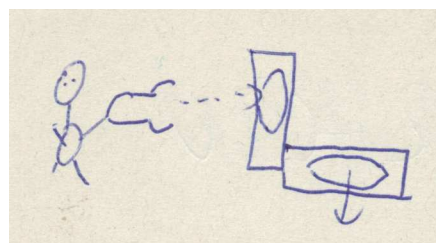

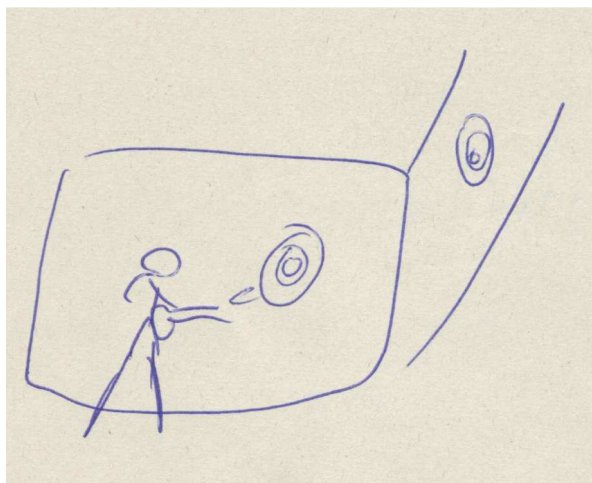

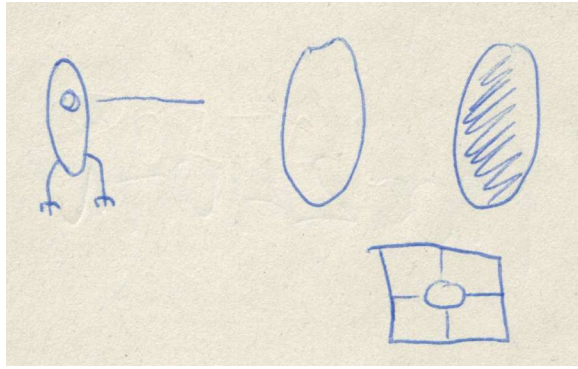

Třikrát Moorhuhn

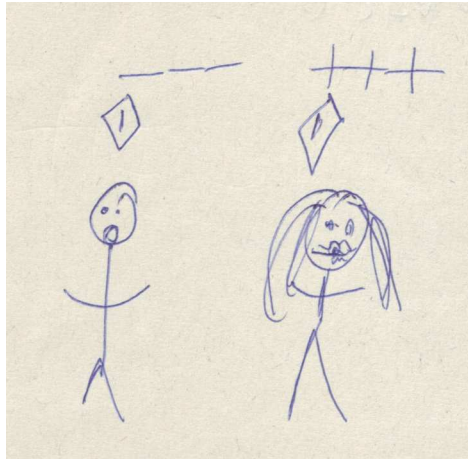

Třikrát Portal

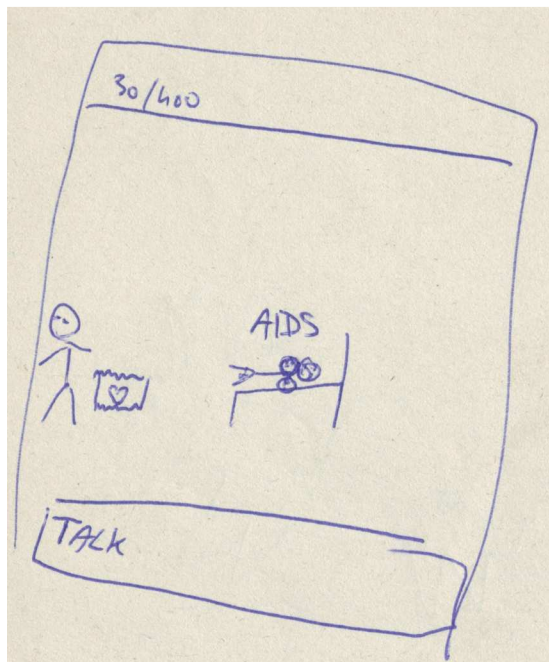

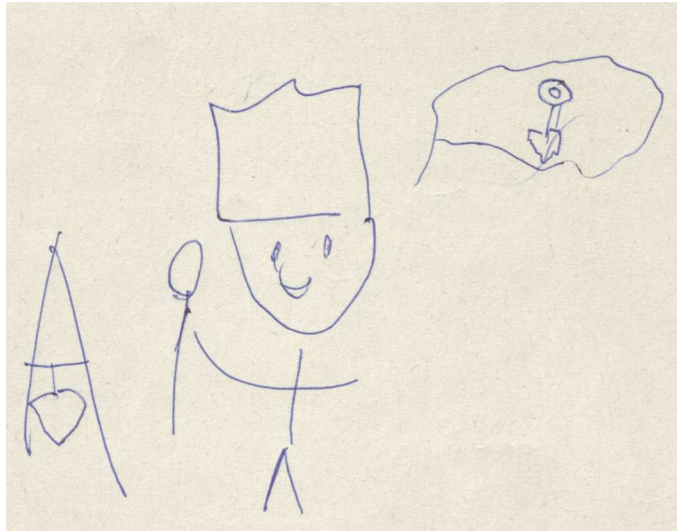

"The Sims"

"Leisure suit Larry"

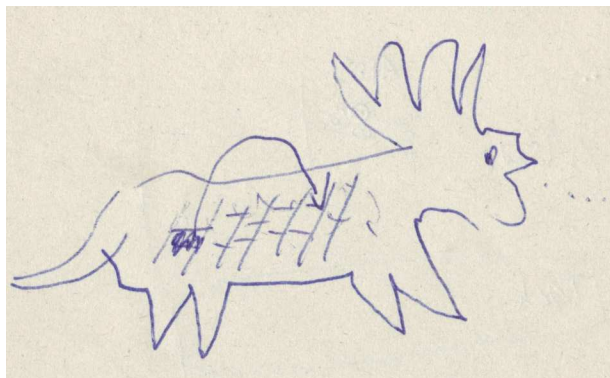

Následující obrázek byl identifikován jako "Kuchař myslící na klíč a blábolící nesmysly". Nevypadal takhle nějak Meatball při vaření guláše? :)

Diablo

Starcraft

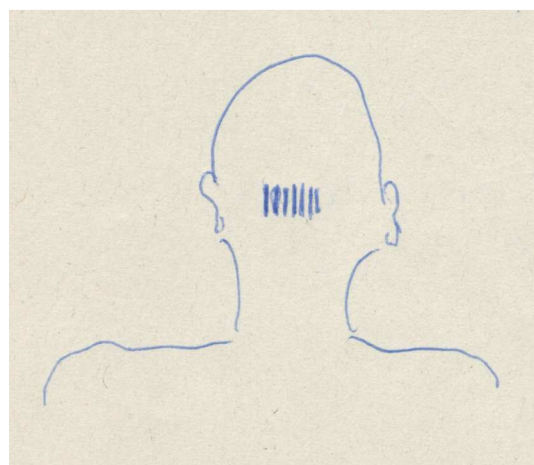

Tohle možná mělo být "Monaco"

Dvakrát "Pivo's grand adventures"

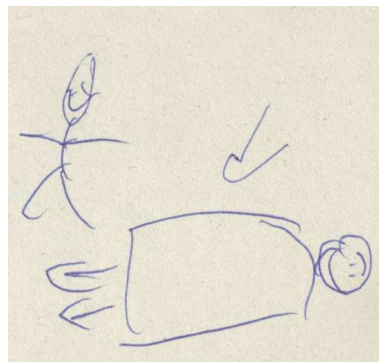

Dvakrát Hitman (první mi připomíná kapitána Picarda)

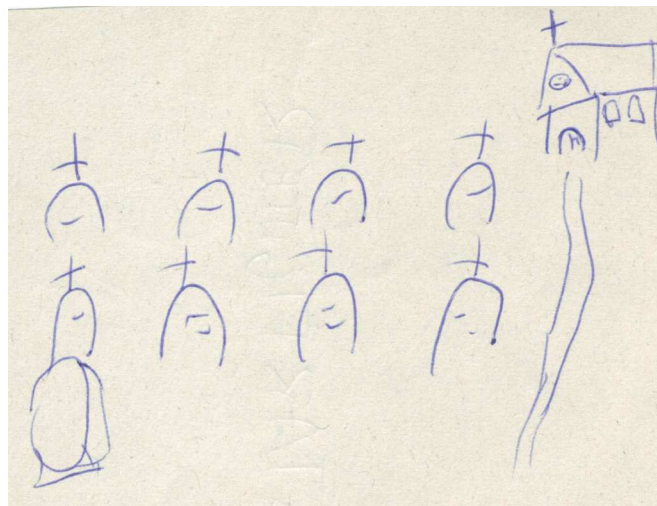

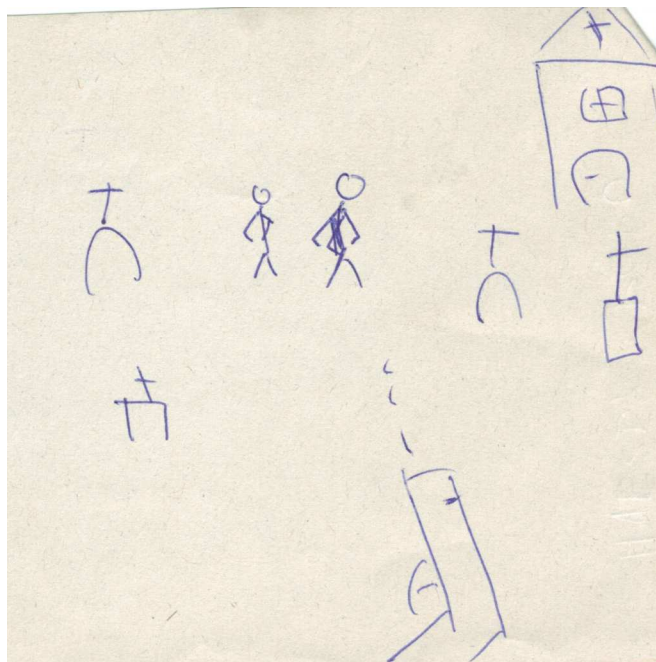

Původně "What's under your blanket"

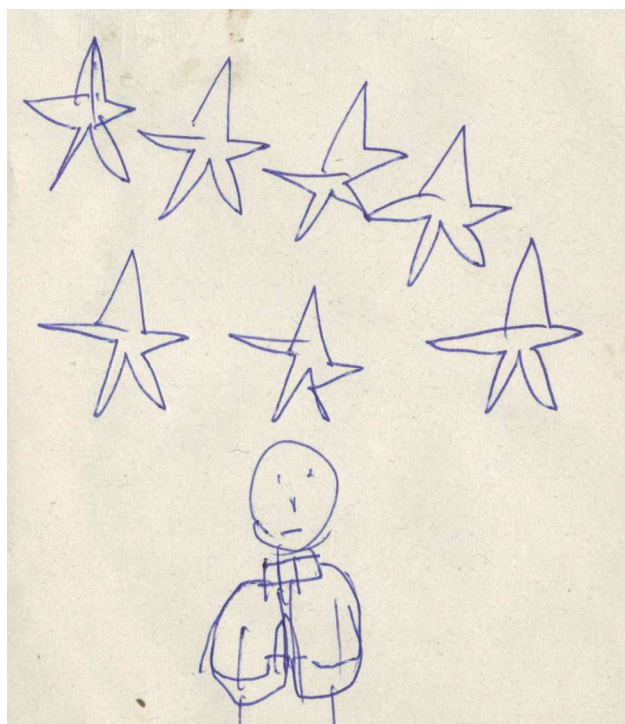

se změnilo na "The Graveyard"

A nakonec "Left 4 dead"

Deimos dovezl do giveawaye originální hru "Hvězdy popu"

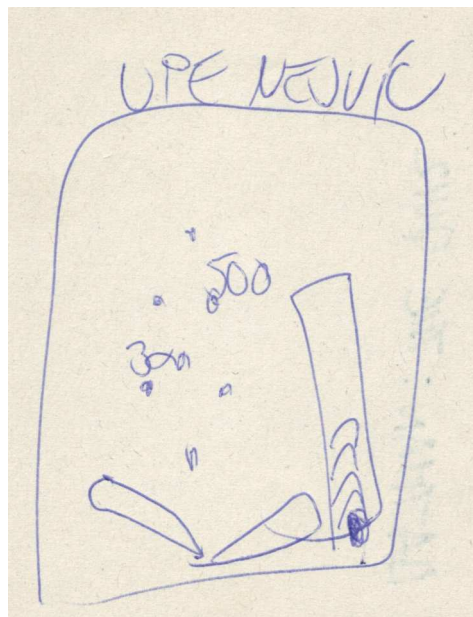

z čehož se bůhví proč stal "Starfighter"

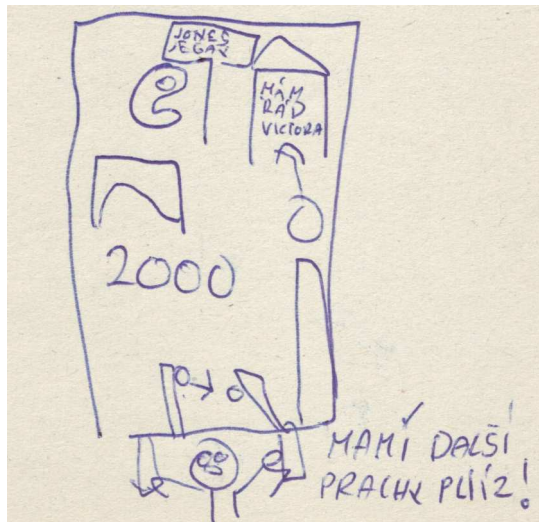

a z toho (už vůbec nechápu jak) "Flight simulator"

"Hyper pinball" nebo tak něco (ten je upe nejvíc)

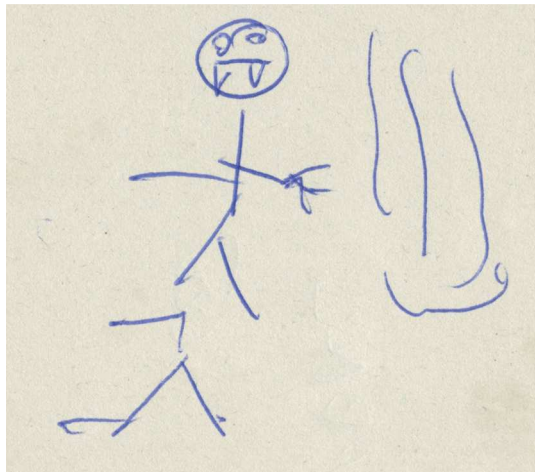

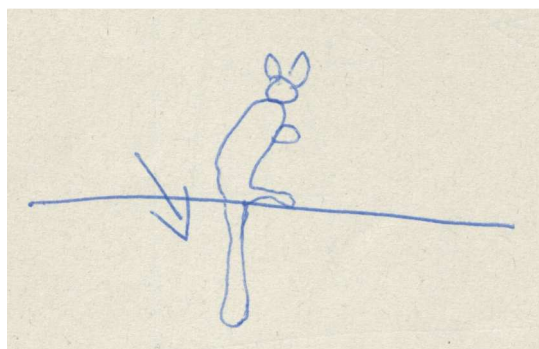

Jestli tu bylo málo obskurních pokusů, tak tady jeden navíc. "Batman: The Quiz"

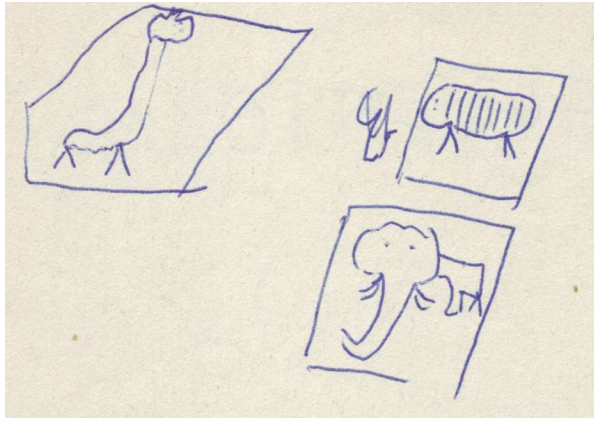

Vampire massacre

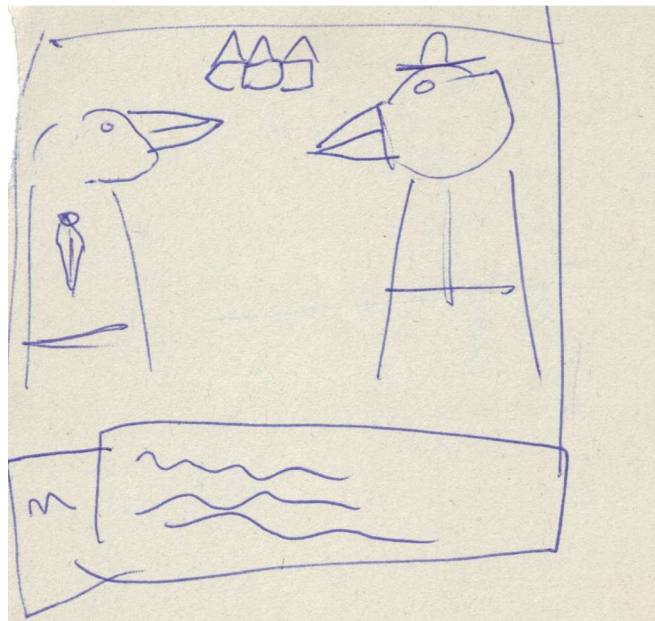

Kdo by nepoznal "Undertale" (teda jako "under" "tail")

Zoo tycoon

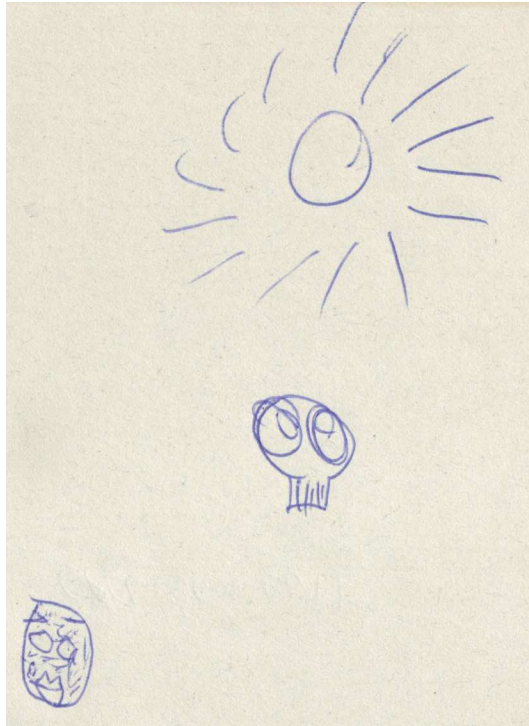

"Ace attorney"

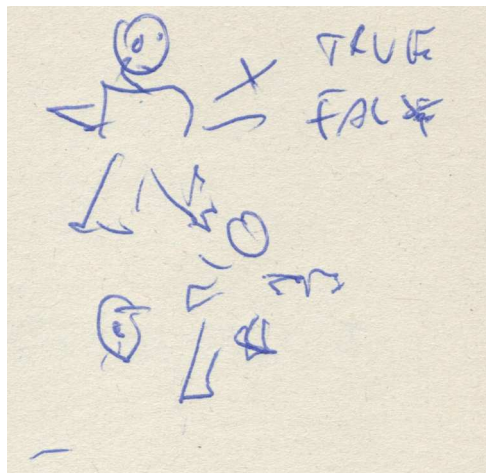

"Don't starve"

"Agatha Christie: Evil under the sun"

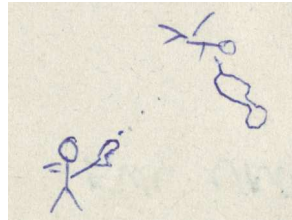

"The Walking dead"

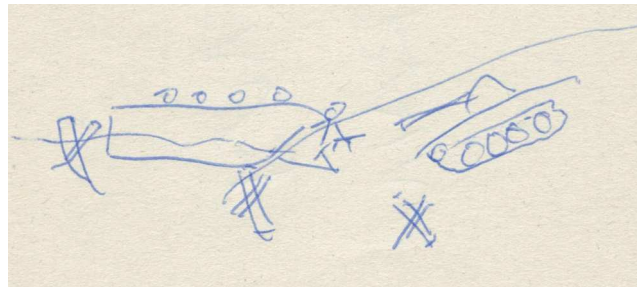

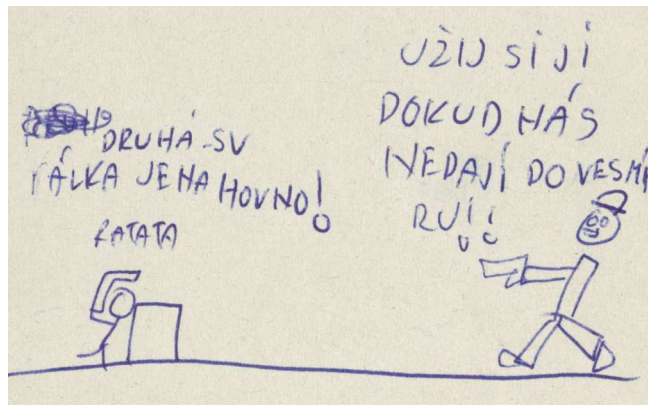

"Heavy Rain"

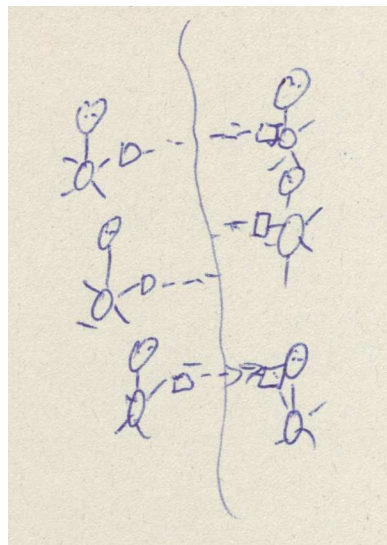

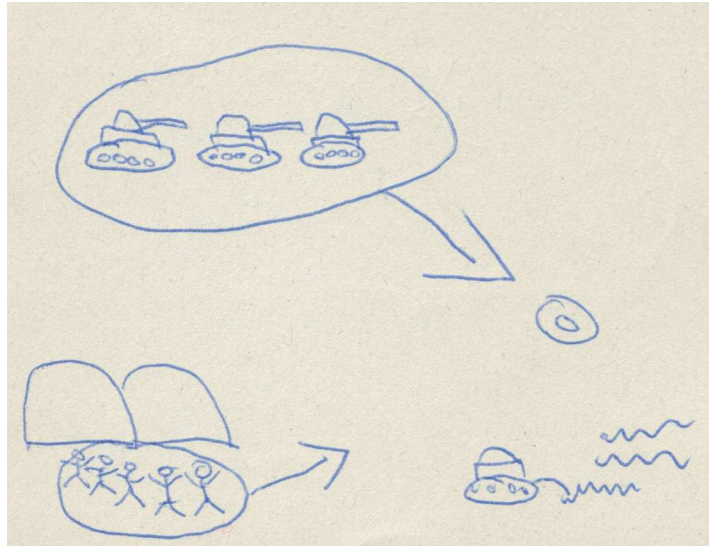

Tohle byl buď "Unreal tournament", nebo "Call of duty"

Dvakrát "Call of duty"

A z těchto dvou je jeden "Command and conquer" a jeden "Call of duty"

A to je vše přátelé (tády dády dá)
